

## **Sports NS Coordinator Report**

---

As the Sport Nova Scotia PSO Coordinator for Karate Nova Scotia, I have had the privilege of working closely with the organization over the past year. The hard work and dedication shown by the Board of Directors, Technical Director, and Provincial Coach have been evident, and their commitment to the growth and development of Karate in Nova Scotia has made a significant impact.

### **Achievements and Progress:**

This year has seen significant strides towards meeting our annual outcomes and adhering to the provincial eligibility criteria. These achievements reflect the tireless effort of everyone involved, particularly our coaches, board members, and athletes, who have showcased their skills but also their commitment to excellence in the sport.

The outcomes we've seen this year are a direct result of the hard work that's been put into both training and supporting the athletes at every level. With this momentum, I am confident that we will continue to build on our success in the coming years, further promoting Karate's growth in Nova Scotia and ensuring that we continue to provide opportunities for athletes to thrive.

### **Looking Ahead:**

As we move into the next year, I look forward to collaborating further with the Board of Directors and Staff. Our shared goals will focus on several key areas, including:

- **Policy Creation and Updates:** We will continue working on ensuring that our policies reflect the evolving needs of our athletes, coaches, and organization as a whole.
- **Clinics and Courses:** We will offer more opportunities for skill development through clinics and courses, empowering both athletes and coaches to achieve their fullest potential.
- **Tournament Hosting:** We are committed to assisting in the organization and hosting of tournaments, providing both competitive opportunities and platforms for athletes to gain invaluable experience.

Thank you all for your continued dedication to Karate in Nova Scotia. Together, we will continue fostering a strong, vibrant, and successful karate community.
